

COMPANY PROFILE

INTRODUCTION

PT Nusantara Energi Ceria is a newly established company with a vision to be a pioneer in the future of business. We recognize the rapid dynamics of change in the business world and are committed to continuous adaptation and innovation to meet evolving market needs.

While our vision is oriented towards future business, we are taking our initial steps by building a solid foundation through general trading.

OUR VALUES

VISION

To be Indonesia's leading energy company, driving national advancement through the provision of renewable energy solutions. We are committed to innovation and sustainability, delivering affordable and accessible clean energy to all segments of society, while empowering communities and preserving environmental integrity.

MISSION

To establish a robust and sustainable business foundation through strategic general trading; to develop and implement innovative renewable energy technologies, with a focus on solar and wind power; to provide accessible and affordable renewable energy solutions for communities, industries, and government entities; to empower communities through job creation and enhanced welfare; and to ensure environmental stewardship through the utilization of clean energy resources.

GOALS AND OBJECTIVES

PT Nusantara Energi CERIA is dedicated to achieving sustainable growth through the seamless integration of environmental and social responsibility into our core operations. Our objective is to minimize our ecological footprint while actively contributing to the well-being of the communities we serve, ensuring that every aspect of our business reflects a commitment to a sustainable future.

Our primary financial goal is to achieve significant revenue growth within the first operational year. This will be accomplished through strategic general trading initiatives and the successful deployment of key renewable energy projects, with a particular focus on developing a robust EV charging infrastructure across Indonesia's high-potential market areas.

Looking ahead, we are committed to enhancing our corporate standing and expanding our access to capital through a strategically timed Initial Public Offering (IPO). This medium-term objective will not only strengthen our financial foundation but also elevate our credibility within the industry, positioning PT Nusantara Energi CERIA as a leader in the renewable energy sector.
